Congratulations to the **Geriatric Medicine Fellowship** for having the most donations (4 very full boxes)!

As for the box decorating contest, each donation station was both very unique and very creative making it impossible to pick one clear winner. Thus, each will be awarded a special certificate to highlight our favorite qualities, as quoted next to each picture. This was truly wonderful job by all participants.

**MAHALO to everyone (residents/fellows, staff, & faculty) who participated!**
