

2016 HRP Staff Summer Picnic at the American Heart Association's 23rd Annual Oahu Heart Walk

In our ongoing mission to promote health and wellness within HRP, on Saturday, August 13, 2016 members of HRP staff and their families gathered in Kapi'olani Park for the 23rd Annual Oahu Heart Walk, and HRP Staff Summer Picnic. The walk started at 7:30am and consisted of a 4.5-mile walk around the base of Diamond Head Crater, or a 1-mile hike around the park.

Upon finishing their walk, the team enjoyed a spread of healthy breakfast options. Next year, in 2017, the invitation will be extended to residents, fellows, and their families.

Aloha, and we hope you can join us next year!
