

# RESIDENT RESOURCE PROGRAM

The Resident Resource program is a counseling service that works to improve residents' and fellows' experience in their training and provides a process by which residents and fellows can address concerns in a confidential and protected manner.

**RECEIVES** and looks into concerns; assists in solving personal or professional training program problems.

**EMPOWERS** residents/fellows to discuss concerns with those necessary.

**PROVIDES** information and consultation to help reach their goals.

**RESPECTS** the privacy and confidentiality of residents/fellows.
